In mid-March 2020, when schools were closed due to the COVID 19 pandemic, Saint George School assumed distance learning using Canvas, our Learning Management System, and supported by Zoom for live lessons. We were able to conclude the 2019-2020 school year virtually, fulfilling all requirements. Our Seniors received IB results and the Dominican Ministry's High School Diploma processed by both entities with grade averages as exams were not administered due to the pandemic.

The 2020-2021 school year began virtually on August 25th, following the school's regular calendar, after being authorized to do so by the Dominican Ministry of Education. Students are receiving class and fulfilling all requirements through our virtual platform.

A regular class schedule is being followed, although more time in between classes has been assigned considering the need for students to detach from screen and get organized for the following class.

MISSION / VISION AND GUIDING STATEMENT

"Our school is only a reflection of all the wonderful people who have throughout the years walked its halls, taught in its classrooms and played in its grounds". Maureen Tejada - Founder

MISSION

SGS provides a challenging and comprehensive multilingual, values-based education, within a disciplined and respectful learning environment, empowering all learners to reach their maximum academic and personal potential.
