**MATHEMATICS
MIDTERM EXAM TOPICS 8th GRADE (2nd FORM)
MS JENNIFER O'NEILL
FIRST SEMESTER
DECEMBER 2021**

Please revise the following topics in preparation for your Mathematics midterm exam.

Fractions

- To be able to calculate equivalent fractions
- To be able to simplify fractions
- To be able to order fractions
- To be able to add and subtract fractions
- To be able to multiply and divide fractions
- To be able to calculate fractions of an amount
- To be able to problem solve with fractions

Indices

- To be able to evaluate roots and powers
- To be able to calculate complex calculations involving roots and powers
- To be able to apply the index laws to simplify indices
- To be able to represent division as a negative index

Expressions and Formulae

- To be able to simplify expressions
- To be able to form expressions to represent situations
- To be able to expand single and double brackets
- To be able to factorise expressions
- To be able to rearrange formulae
- To be able to substitute into formulae
- To be able to simplify fractional expressions
- To be able to problem solve with algebraic expressions and formulae

Decimals and Standard form

- To be able to add and subtract decimal numbers without a calculator
- To be multiply and divide decimal numbers without a calculator
- To be able to multiply and divide by base 10
- To be able to represent numbers in standard form (scientific notation)

- To be able to convert between standard form and ordinary numbers
- To be able to add and subtract in standard form
- To be able to multiply and divide in standard form
- To be able to convert between decimals, percentages and fractions.
- To be able to convert between recurring decimals and fractions

Percentages

- To be able to calculate percentages of an amount
- To be able to calculate percentage increase and decrease
- To be able to calculate percentage change
- To be able to calculate reverse percentages
- To be able to calculate compound and simple interest
- To be able to calculate depreciation

Please also use your notebooks, past exams and quizzes and the Midterm Review booklet to help you to practice for this exam.
